7). Any Other Business

(a). David Walsh, the owner of Graylings informed the meeting that the groundwork for the development would start in the Autumn but it was unclear when the build would be completed as the contractor is German and progress has been hampered by the Virus. May be December but more likely March and all steps would be taken to minimise disruption during construction.

(b). Keith Newell informed the meeting that three residents, not attending the AGM, had raised the issue of overgrown hedges. As stated in the Chair's report Tandridge Council had performed an inspection and seriously offending growth had been removed. He agreed to circulate by email a copy of the Surrey Highways/Parish Council flyer detailing permitted growth of vegetation adjacent to highways.

(c). The meeting moved a vote of thanks to the Road Fund Committee for their continued efforts.
